A) Description about Wikipedia and its features:-

Description about Wikipedia:-

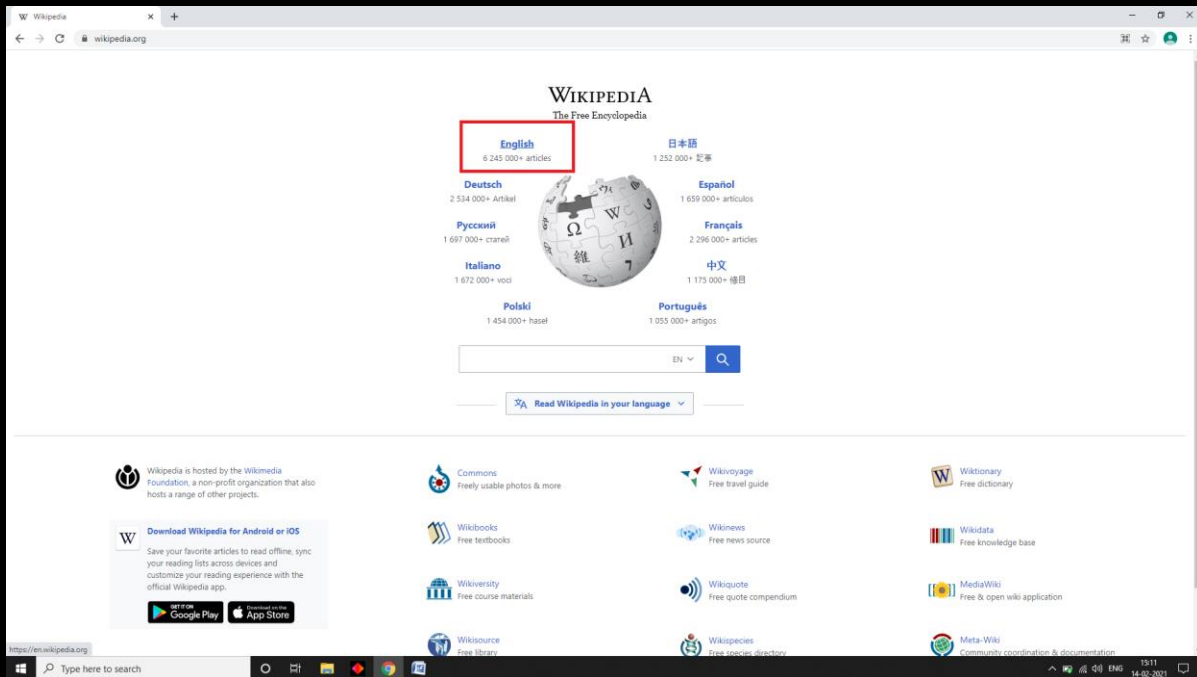

- Wikipedia is a free, open content online encyclopedia created through the collaborative effort of a community of users known as Wikipedians.
- Anyone registered on the site can create an article for publication; registration is not required to edit articles.
- The site's name comes from wiki, a server program that enables anyone to edit Web site content through their Web browser.
- Jimmy Wales and Larry Sanger co-founded Wikipedia as an offshoot of an earlier encyclopedia project, Nupedia, in January 2001.
- Originally, Wikipedia was created to provide content for Nupedia.
- However, as the wiki site became established it soon grew beyond the scope of the earlier project.

Features about Wikipedia:-
